PATIENT AGREEMENT – PLEASE READ

Consistency in keeping appointments is an essential part of your medical health. A commitment between you and your medical provider is necessary to achieve treatment goals. Therefore, we ask your cooperation in the following ways:

1. Lateness – we understand that you may be delayed at times. If you will be more than 10 minutes late, please call 372-7600 so that we may decide if we need to reschedule your appointment or not. Tardiness greater than 10 minutes may result in reduced appointment time or a missed appointment.
2. Absence – when you know in advance that you will be unable to attend an appointment, please contact your clinician at least 24 hours prior to your scheduled time. Other patients in need of services can be placed in your time slot if you are unable to attend. Following three (3) absences, the appropriateness for continued treatment will be evaluated. At that time, treatment maybe discontinued or an attendance contract may be required.
3. Missed appointments – a missed appointment without notice will be followed by a phone call to reschedule unless additional appointments have already been scheduled. Two (2) cancellations or two (2) no shows could result in services being discontinued.
4. Insurance coverage – it is your responsibility to check with your insurance company to determine if Women's Health Care Specialists, PC services are covered under your policy. We can clarify information as needed to assist you with the process.

I am in agreement with the above medical agreement.
